

G2S A20

The RESmart G2S A20 is an auto-adjusting pressure CPAP (Continuous Positive Airway Pressure) device with an integrated humidifier, designed for the treatment of adult Obstructive Sleep Apnea (OSA), either in the hospital or at home. With its affable appearance, stable performance, and excellent comfort features, it let you and your family say goodbye to snoring trouble and enjoy the whole night's sleep.

Affable appearance & Easy operation

- Designed with an integrated humidifier, RESmart G2S is smaller, lighter and more affable.
- 2.4-inch colour screen with user-friendly interface.
- 3-button control panel, simple and easy to use.
- The water chamber with its drawing structure and the opening cover is more convenient to fill water and cleaning.
